Subject: NHOEP Annual Planning Survey

Importance: High

The New Hampshire Office of Energy and Planning (OEP) would appreciate your municipality's assistance in providing information about your current land use regulations and other planning-related information by completing the enclosed 2-page survey by **July 28, 2015**. For the first time, respondents will complete and submit the survey online. Please see the attached memo, which includes a link to the online survey.

The data from the survey results will be compiled into a series of graphics, which will provide a snapshot of the municipal land use regulations and other planning-related information across the state.

Thank you for your assistance! Please let us know if you have any questions or comments about the survey.
