

2016-08-24

Hi Fritz, my name is Sam Marino, and I'm with Bean Group. I am working with a group of people who are looking to purchase a property in Madbury for use as a Lao Temple/ community center.

I was given your information and told that you are on the planning board for Madbury, and that they will need to have a hearing for the determination to use the property as a temple. If this is correct, please let me know, and we'll get them started on what they need to do. Thanks!
